AP:Ä Airlive WL-5470AP Firmware v1.1 (e13). AP:Ä Airlive WL-5470AP Firmware v1.1 (e13). Firmware Update Center. AirLive. I want to find the link for this firmware. Preferably can it be compressed? I would like to know the links for the AirLive clients for a dual router and what type of firmware they require. I can't find any links as of yet. Thanks in advance. The closest link I found that I saw was this: Antivirus Products. Be careful when downloading firmware updates for your AirLive router. In order to download the firmware, you will first have to update the router's BIOS to at least version 5.3.0.0. If you are installing the firmware on a computer running Windows, you must be logged into the computer as an administrative user. In some cases this means that you will need to reset the computer's BIOS first. You may be prompted by the computer to set a BIOS password when you attempt to update the router's BIOS. [Airlive.co.uk] The router's battery backup time is limited. We don't charge it. the airlive has firmware update option in the boot menu.in the first menu. AirLive WL-5460AP v2 firmware äÄÄ AirLive WL-5470AP firmware 1.2.0928. [www.airlive.com]. There are so many posts about getting the airlive firmware to run... It will accept an upgrade from within the Advanced page of the Netgear web site. I have reset the airlive router to factory settings without success. I can access the airlive admin page under my dhcp address but cannot get to the upgrade page. There is no option to select the firmware version. There are no option to select the firmware version. The current firmware version is e13. I would like to update the firmware to the newer e19. I have 11/2/2010Ä Ä-1 just bought a new airlive router and all my wires are crossed. how do i get my range from 250-750m? even on the althong test it shows 250m, the display
